Speaker	6.5" woofer with dual neodymium magnet; 8ohm impedance
Dimensions & Weight	230 x 145 mm, 1.5 kg
Compliance	 UL94.V-0. Manufactured to ISO 9001:2000

DESIGN FEATURES

Soundmask's SM-TH-1650 transducer is purpose designed and manufactured for continuous sound masking service.

The speaker comes complete with a 500mm connecting lead with inlet and outlet connections. A variable slide fitting for attachment to the ceiling is fixed to the lead which is normally set at 300mm. Cable connectors are pre-cut for easy installation.

Manufactured with halogen-free wiring to conform with Soundmask's Environmental Sustainability policy.
